HUGE ICE GORGES CAUSE FLOOD

Lowlands of 3 States Menaced By High Water

Thousands of Acres Flooded With Expected Break of Ice Jam Menacing 2,000 Farms—Occupants Driven Out by Police—One Town Inundated.

(By The Associated Press)

OMAHA, Neb., March 24.—Unprecedented mammoth ice gorges in the Missouri river and other streams near Vermillion, South Dakota, Sioux City and Omaha, Iowa, and Dakota City, Nebraska, have precipitated conditions which presented a flood menace for all the lowlands between Vermillion and Omaha. The flooding of thousands of acres of farm lands, destruction of hundreds of farmhouses and partial inundation of Sioux City and other towns.

More than 400 homes in the bottom lands were untenable today and a two-foot rise in the water of Floyd river would according to authorities inundate 40 more residential blocks. The occupants of the section near the river were driven out by the water last night when the swollen water gradually crept up.

An ice gorge reported to have attained a length of 11 miles and a width of 7 miles at Sergeant Bluff, Iowa, south of Sioux city, is strangulating the mighty Missouri. The stream strengthened by thaws and spring floods is engaged in struggle to break the deadly grip. In its grapple the river is overflowing into lowlands. But at any moment the terrific pressure may give way and the dammed up water would surge down the valley. A conservative Sioux City estimate placed the number of farms in the path of such a water wall at 2,000. Ten counties of South Dakota, Iowa and Nebraska will bear the brunt of the onslaught.

Sale Of Booze To Dry Agent Lands Her In Trouble

Cora Gray, colored, did not know several days ago that when she was selling a certain man a bottle of whisky for \$2.50 she was a federal probation officer. Nevertheless it was undisputed in a charge of selling alcohol being brought for which the negro drew a fine of \$25 dollars and costs in the police court this morning.

Several days ago Sergeant J. H. Main, Patrolman O. W. Bates and Federal Prohibition agent John S. Funk set out for the negro's store on Union street. The police officers did not go all the way. Funk was sent in the place to buy some whisky. He asked the negro if she would sell him a pint. She at first told him that she could not. Funk seemed greatly disappointed and when he heard that he was sorry but he could not go elsewhere to get his liquor. "Wait a minute," he said. "I have any here," the negro is said to have called out just as the officer had started out. She went into a back room and the officer heard glass jingling as if something was being poured from a jug into a bottle. When she returned she accepted the money and told the purchaser to look on the bureau and get the bottle. The officer did so and again returned to the police officers with the evidence. The arrest then followed.

Cora denied the charge emphatically in court this morning, stating that she had never seen the man before in her life! Arthur Smith, colored, was arraigned on a number of charges, as result of his arrest several days ago in Open House Alley, after a wild escapade. The case charging him with the second violation of the Mapp act was sent to the grand jury. He was assessed \$11 and costs for being drunk and \$11 and costs for resisting arrest. A charge of trespass was dismissed. After Smith was arrested with half a gallon of whisky in his possession, he is alleged to have scuffled with the police officers in a highly rough manner all the way to the police station. Smith contended that he was in the liquor and that he had a drink and he did not know what took place after that. J. T. Robins, was fined \$13.50 on a speeding charge.

A charge of speeding against L. C. Mason was heard but after the evidence was taken, the mayor announced that he would consider the case. Officers following him in another car claimed he was travelling 30 to 35 miles per hour. Mason and several witnesses denied the charge.

Bids Are Received For Coal For City

Some thirty bids have been received at the office of the superintendent of gas, water and light for gas and steam coal to be supplied to the municipal plants during the coming fiscal year. Fifteen are for gas coal and fifteen are for fuel for the electric light and pumping stations. No awards will be made until the superintendent has had an opportunity to go over each of the bids and to examine them. A cursory survey of the bids opened yesterday would indicate that the range of prices is higher than for the year's delivery received last year.

"Dick" Patterson Makes Statement As To Payments

Richard R. Patterson in a long distance telephone message to this paper this morning said that an article emanating from Richmond yesterday regarding the third payment to members of the Co-operative Marketing Association had left an erroneous impression.

He issued the following statement:

"The second payment on all bright tobacco deliveries in the old belt of Virginia and North Carolina which has been delivered to the Association from January 1st to April 1st when these receiving stations toll close for the tobacco season.

"This payment constitutes all of the tobacco which has been delivered between these dates for the second payment which equates all Co-operative members who have received their payment on all tobacco delivered up to December 20th when the market close for the holidays.

"This is not the last and final payment as there will probably be at least two more payments made after the payment above stated.

"We regret having made this error as it is misleading to the member growers and in justice to the Association we are therefore correcting same."

(Signed) R. R. PATTERSON.

Mrs. Terrell To Be Buried Sunday

The funeral of Mrs. Sallie May Terrell who died at Edmonds, Wash., Thursday morning at 3 o'clock will be held from the residence of her parents on Washington street Sunday afternoon at 3 o'clock. Interment will be made in Leemont cemetery. She is survived by her husband and five children, also her parents, Mr. and Mrs. G. P. Egan and one brother.

Two Stills Found Within Distance Of 300 Yards

Two large distilling plants within 300 yards of each other were captured yesterday afternoon by Federal prohibition agents and county officers. The plants which had evidence of making heavy junk were captured near the boundary line of Washington and Hood counties at what is known as "Flannel Mill." No one was at the stills at the time and no arrests have been made. The raid was conducted by Federal Agents John S. Funk and Mr. Jolly, and Deputy Sheriff J. E. Rice and Officer D. L. Austin.

No Reply Yet From Alabama Minister

Although it was expected probably that Rev. Joseph Dunloring, D. D. of Selma, Ala. recently called to the First Presbyterian church of this city, would have communicated with the committee sometime this week no answer or decision on the question had been received early this afternoon. It was thought quite likely that incoming mail throughout the day or perhaps Sunday morning would bring a letter from the Selma minister.

T. T. Adams Builds Another Apartment

T. T. Adams has started work remodeling the home occupied by Dr. and Mrs. J. E. Taylor, with the intention of converting the dwelling into four flats. Eventually, by grading the lot down six flats may be made out of the home which is now sub-slab, which by grading could be brought above the surface. A large addition is being built to the home which is on Main street.

Oxford Crew Wins From Cambridge By One Length

(By The Associated Press) PUTNEY, England, March 24.—The Oxford crew, stroked by W. F. Meulen, American, defeated C. M. Macomber, Cambridge, over the 4 1/2-mile course on the Thames river in the annual inter-varsity race. Oxford won by a length.

SENATOR NICHOLSON IS IN EXTREMIS

(By The Associated Press) NEW YORK, March 24.—Hope for saving the life of U. S. Senator Samuel J. Nicholson, who is critically ill here, from a tumor of the stomach attending him, issued a statement, saying he was not expected to live through the next 24 hours.

Mrs. Bertha Lawless Royal who has been indisposed for two months at Edmonds Hospital for an operation on her condition, will permit

Golf Club dance tonight.

SNEAD CASE IS WITH THE JURY

Assailants Of Negro Are Dealt With In Court

Three negroes, Dan Hairston, Arch Going and Will (Crow) Holland, were arraigned in the police court this morning for an alleged felonious assault recently on Harvey Morton, also colored. The warrants were changed to simple assault and fines of \$50 and costs imposed on Holland and Hairston, while Going's was levied of \$26 and costs. Morton received a severe knife wound in the back and a wound on the head caused by being struck by a rock. He was in the hospital for several days but he is now said to be out of danger.

The story of a dozen or more witnesses, the defendants and complainant presented a mixed up affair. A difficulty seems to have first started at Going's house on Newton street where Holland and Crow, a large rock, and after he had fallen to the ground face foremost, Hairston is alleged to have attacked him with a knife, stabbing him in the back. Morton claimed he had gone to Going's house to "have a little fun," which included a card game. He charged that Going robbed him of \$20 and that he and Holland assaulted him there. He went to his home to have his wounded head dressed and on finding nothing there with which to treat the wound, gave his hat and started the negro's house to have her treat him. It was after he had been there that he passed the store where Holland and Hairston and a man from Winston-Salem, who was never caught, were standing. Holland is said to have told him that "the boys certainly treat you wrong" and asked Morton to turn around and show him the place on his head. When he did so, Holland is alleged to have struck him with the rock and Hairston then attacked him with the knife.

Holland admits hitting him with the rock but claims that he thought Morton went home for a pistol and when he reached for his pocket, he thought he was going to shoot him and not having a weapon he picked up the rock and struck him. Hairston denied that he did the cutting. Various other denials were entered by the three negroes and their story was quite different from that of Morton and the many witnesses.

Mrs. Gladys Graham Fox is considered beautiful by her father-in-law, Albert Fuchs, Chicago millionaire. In selecting the jury to try her suit against Fuchs for \$250,000 alienation of affections suit, Fuchs' lawyers excused any juror who might be swayed by beauty.

Faces "Beauty Proof" Jurors

Old Posey Takes His Last Stand

Plute Indian and 20 Followers Are Surrounded in the Mountain Section.

(By The Associated Press)

SALT LAKE CITY, Utah, Mar. 23.—"Old Posey," leader of the renegade Plutes has taken his last stand in Dry Wash, 20 miles from Blanding, the well's storm center of the Indian Company, was continued until Tuesday, April 24, by Judge Boyd today.

The litigation action of the alleged leader of the Indians, who had been formed by the parties and firms named as defendants to liquidate the Dixie Company and the transfer the assets through a contract to the Hartford Company.

The order of continuance signed today added the names of J. E. Latham, a director, and H. R. Bush, president of the company, as defendants in the action.

Negatives Show "Spirit Form" Of Dead Woman

(By The Associated Press) LOS ANGELES, Calif., March 24.—Three photographic plates exposed with the lens of the camera encompassing a view of the casket containing the body of Mrs. Mary Fairfield McVicker, associate pastor of the Central Spirit church against background of green velours showed "evidence of a spirit form," according to C. J. Nomie, a commercial photographer, employed for the test and Mrs. McVicker's co-religionist, who sought development of the plates.

MUSICAL PROGRAM AT SECOND BAPTIST

A special musical program will be given at the Second Baptist church Sunday night at 7:30 o'clock.

Two large choirs will render several selections and there will be singing by a male chorus, male quartet and two duets. Miss Almy, of Aztec college, will sing a solo and the Aztec concert and Glee club will also give special numbers.

AFTER CONTRACT BREAKERS IN N. C.

REEDSVILLE, N. C., March 23.—W. W. Riddick, of the claim department of the Tobacco Growers' Co-operative association, in Reedsville to meet the members of the association who have been reported as contract breakers. He has made some good connections.

P. F. Tuck, manager of the Reedsville Co-operative warehouse, in Walms Cove in the same work.

Mrs. H. W. Simpson, who has been ill for the past ten days at her home on Stokes street, is improving slowly.

J. T. Tammie is reported ill at his home on Jefferson street.

Incomplete returns from Friday's claim, No. 11, Crispin Dickerson captain, and No. 16, A. R. Cartwright, Jr., captain.

As the campaign of the men and their employees of the Unorganized division of the Cotton Mill is still unfinished and the men good prospects are set to be made, it has been decided to continue the campaign throughout the following week. No regular meetings of the workers will be held but the captains will keep in touch with their workers and will make daily reports to the Y. M. C. A. office.

A. D. Keen, general chairman, says he is well pleased with the results thus far and that he feels sure that a

large number of memberships will be secured by the quiet, but persistent

captain, No. 12, R. E. Baumann, cap-

tain.

CONTRACT LET FOR BUILDING COUNTRY CLUB

The building committee of the Danville Country Club yesterday met and awarded the contract for the building of the new structure to replace that which was destroyed by fire some months ago. The contract was let to Anderson-Hunter Construction Company for \$15,000 the work to be finished in 60 days.

Work will be started immediately. The plan provides for the laying of the original country club building and the building of a new modern frame structure on the knoll overlooking the river. A committee of ladies will finance the new structure for which purpose the club has \$2,500.

WANDA TOOPE SLEEPS 19 DAYS

(By The Associated Press) PORT HURON, Mich., March 23.—Physicians today admitted they are baffled by the strange case of Wanda Toope, 19-year-old high school student who has been in a coma-like state for 14 days. She is the victim according to varying opinions of medical men of sleeping sickness, nervous hysteria or possibly a subtle poison acting upon the brain.

The girl lies with arms across her breast, her eyes closed. At times she snatches her lips and then she is given liquid food. March 20 the girl opened her eyes, asked for food, ate, and lapsed into unconsciousness from which she has not been since aroused.

Don't Neglect a Cold

Mothers don't let colds get underway; at the first cough or sniffle rub Musterole on the throat and chest.

Musterole is a pure, white ointment; it draws out congestion; relieves soreness; does all the work of the good old-fashioned mustard plaster in a gentler way, without the plaster.

Keep a jar handy for all emergencies; it may prevent pneumonia in your home. 35¢ 65¢ in jars & tubes; hospital size, 43¢. BETTER-THAN-A MUSTARD PLASTER

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color, 15¢ and 30¢.

MRS. HINCKLEY NERVOUS WRECK

Tells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Memphis, Tenn.—"Two years ago I was completely run-down and my nerves were a wreck. I could not sweep the floor without resting. I could not do my work except a little at a time, and the doctor's medicine did not help me. One day some one threw your little book on to my porch and in it I read several testimonials of women who had been like myself. I went right out and got me a bottle of Lydia E. Pinkham's Vegetable Compound and before I had taken the whole of that bottle I knew it was helping me. I took six bottles, and then in about three months I took two more. Now I am in perfect health. I do all of my own work and could do more. I can truly say that I know Lydia E. Pinkham's Vegetable Compound gave me my health."—Mrs. O. J. Hinckley, 316 Union Ave., Memphis, Tenn.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will send you free upon request. Write to Lydia E. Pinkham Medicine Co., Lynn, Mass. This book contains valuable information.

IMPROVEMENT IN STREET CAR SERVICE.

As soon as our new equipment is installed and we have additional power we intend to speed up the schedule on the Main Street line and eliminate the wait now necessary at Park Avenue (at corner of Bellot Park).

We will also combine the Loop and South Main Street lines.

The old cars on the Loop line will be scrapped.

We hope to be able to do this by July 1st.

Kay Laurell Warns of White Way

BY KAY LAURELL
Former Folies Beauty, Now a Star on Broadway.

NEW YORK, March 23.—In the shadows of the shimmering lights of Broadway are enacted daily hundreds of tragedies of which the Dorothy King murder was just one of the many closing chapters.

For among the thousands attracted by the White Way lights—some just to watch and look on, some to feel the warmth of the glow, some to have their wings singed—are many who seek the easiest way.

And find it—the hardest.

Then, on the other side of Broadway, they fall lower and lower, until completely engulfed in the maelstrom, they give in—

Victims of drugs, drink and other vices that sap them until the very end.

On Broadway since 16, I know of these tragedies. Luckily my home training and natural reserve spared me from temptation. But many other girls weren't so fortunate.

They fell into the pitfalls—some voluntarily—but mostly victims of circumstance or the connivance of scoundrels. These are to be found in all guises from the fatherly old men-called "daddies"—to the slick-haired lounge lizardshuman parasites, all.

When a young man, not listed in the social register, was of no visible means of support, and at seems always amply supplied with money, it's time for a girl to be careful.

But not all of them are.

Else Lee Hilair was well known along Broadway. She lived up-town, but loved the glitter of the cabarets. She used to sneak off afternoons and come down to the popular "tea dances."

Amlable dancing partners made her life pleasant until she was found murdered in a hotel several years ago.

Several thousand dollars worth of her jewels were missing. The police investigated, rounded up a gang of "lounging lizards" but never solved the mystery.

It still remains a blood-brok, resembling, in many ways, the murder of Dorothy King, the model, whose real name was Anna Keenan; she was found dead, mysteriously chloroformed, and \$10,000 worth of jewels were missing.

Both women tried to blaze a path along the White Way that would make even blaze Broadway take notice. Both women finally succeeded in death.

But the deepest tragedies come when young, naive girls, untrutored in the ways of the Broadway world, become innocent victims of "another's perversity."

A young chorus girl I knew had been raised in a convent. She was barely 16 when she got her first job. One night, after a long rehearsal, one of the other girls gave her a sniff of powder saying it would brace her up.

The next night the novice got more. She liked it. Before she realized it, she had become addicted to the drug, the name of which she didn't even know!

She tried to break herself of the habit. But it had made her its slave.

It was not long before she wanted to spend all her time in the gambling dens.

She went to another theater. The leading man there became enamored of her. The money she received from him, she used only to purchase dope from a chorus man who was a vendor on the side.

To cast off the curse, she went to a sanitarium. But the habit gripped her again, even after she had taken the cure. Finally there was but one way out. She took it—by committing suicide.

Another girl refined and cultured, who played in the same company with me, came friendly with an apparently charming old gentleman known as a "daddy." His ruling passion was gambling.

Not many weeks elapsed before his young companion contracted his fondness for watching the wheel go round. With bated breath she would stand for hours to see whether red or black came up.

It was not long before she wanted to spend all her time in the gambling

DOROTHY KING, MURDERED BROADWAY MODEL WHOSE DEATH PROMPTS KAY LAURELL (INSET) TO WRITE A WARNING OF THE PERILS OF THE WHITE WAY.

She went to another theater. The leading man there became enamored of her. The money she received from him, she used only to purchase dope from a chorus man who was a vendor on the side.

To cast off the curse, she went to a sanitarium. But the habit gripped her again, even after she had taken the cure. Finally there was but one way out. She took it—by committing suicide.

Even old "daddies" couldn't keep up with her. He finally dropped her as most "daddies" eventually do.

Then she had to go it alone.

It's amazing how many dives there were for all sorts of victims. When the girl couldn't get into the more fashionable resorts, she went down the scale.

Down, down, down, until now—She's at the very bottom.

But the real gold diggers are not in the chorus or leading roles of the big shows. They are not on the stage at all. They live in New York's most voluptuous environment—York's Broadway supported by men of wealth. They are unknown to the world at large until the end comes—as it did in the King case.

Then the focus of the public's eye is turned on their affair for a while.

Only to be dimmed by the glitter of the bright lights which keep shining on Broadway dazzling, drawing on, singing and throwing aside.

But winners, and were awarded attractive prizes.

Delightful refreshments were served. Next meeting will be with Miss Carrie M. Schneider, March 30th, in the home of Mrs. Zadoli Bernard, on Main Street.

Mr. J. T. Dudley's class of young men are invited to attend this meeting.

Mr. and Mrs. M. L. Marshall who have been in Rocky Mount for the past two months left Tuesday for Roanoke, and from there Mr. Marshall will leave in a few days for Coeburn. Mr. and Mrs. Marshall will join him later there.

Miss Jewel Menefee after a pleasant visit to her aunt, Mrs. J. M. Barber, has returned to Fearey.

Mrs. D. C. Grubbs will leave the first of next week for Pittsburgh, Pa., to visit her brother, Mr. C. L. Jackson.

Mrs. S. H. Miles of Sontag passed through Rocky Mount today, for Roanoke, where she will be a patient in a hospital there.

Miss Nellie Prillaman is the guest of her parents, Mr. and Mrs. S. M. Prillaman, at Callaway.

Miss Josephine Tyree who has been confined to her home by illness, is out again.

Mrs. T. G. Perdue has her parents, Dr. and Mrs. M. P. Dillard, of Henry, for house guests.

Mr. and Mrs. C. T. Saunders and baby, who has been the guest of her aunt, Mrs. J. K. Robinson, have returned to Lumberton.

Mr. Henry Mason and family who about a year ago moved to Roanoke, has returned to Rocky Mount to reside.

Mr. A. W. Stiller, of the Martin Jewelry Co., who has been taking a special course on the eye at the Chicago School of Optometry, for the past two months, and also a special course under private instructors, is expected to return the latter part of this week.

Mrs. H. D. Lillard who is a patient in a Roanoke hospital, is sufficiently recovered to be able to return to Rocky Mount the first of the coming week.

GERMAN MARK CONTINUES STEADY

(By The Associated Press) READING, March 23.—The continued steadiness of the mark, which shows no inclination toward depreciation, is causing business firms in Germany considerable difficulty.

In consequence of this steadiness trading has been impeded and there has been a dropping off of orders due to the desire of buyers to place such orders when the legislation is more favorable.

They were discussed for making money to buy furniture for the new church when completed. The prevailing sentiment was that the room to be made like a home as possible that every one might feel that it is their own private study. It was unanimously voted that a play be given by the class in the near future to raise money for purchasing furniture.

Following the program, a contest was given, Miss Olga Rams and Taylor Bernard were the success-

TO RENDER CANTATA.

On Sunday afternoon, March 25th, at 4:30 o'clock, the choir of the First Baptist church, assisted by several well-known singers will render a program of special music, consisting of a sacred cantata, "The Holy City," by A. R. Gaul, and selections from the Gratoros. Friends of the congregation and church are cordially invited to attend this vesper service.

AMBITIONS RISE TO EARTH AGAIN

(By The Associated Press) NORFOLK, Va., March 23.—T. H. Buchanan, had ambitions to pilot an aeroplane. He has them no more. Crawling into the pit of a machine on an exhibition field near Norfolk today, Buchanan jerked open the throttle. The machine glided into the air. Buchanan had never taken a flight before. In attempting a descent, he guided the borrowed car against a tree. The plane was wrecked. Buchanan escaped injury.

Still Hopes Of Original Goal In "Y" Campaign

been unable to see during the campaign or who has not sent in his membership application is urged to do so, either bringing it into the office or sending it by mail.

Taking it all in all, it has been a very successful campaign," said General Chairman A. D. Keen, to a Register reporter last night, "and when the final reports are all in I feel sure that we will be but little, if any, short of our original goal."

Splendid work was done by many of the workers Friday, but complete reports were not made on account of the rain-storm. Indications are, however, that the total to date will be considerably in excess of seven hundred members.

HONOR ROLL.

The honor roll for grade 4-b Union Park school for week.

DR. J. O. WILLSON DIES.

(By The Associated Press)

GREENWOOD, S. C., March 23.—The Rev John O. Willson, D. D., president of Lander College, Methodist School for Girls, died tonight at 10 o'clock after an illness of four days.

Dr. Willson is survived by his daughter, Mrs. T. Q. Donaldson, wife of Colonel Donaldson, U. S. A. stationed in Washington, D. C.

Funeral services will be held at 3 o'clock Sunday afternoon in Greenwood.

Dr. Willson was one time editor of the Southern Christian Advocate and was one of the best known ministers in the Methodist Episcopal Church, South. He was born in Charleston, S. C., January 27, 1845.

Dr. Willson served four years in the Confederate army, enlisting with the sixth South Carolina cavalry company and then later served with Company I of the Third South Carolina cavalry. He enlisted at the age of 14, shortly after the beginning of the Civil war.

PLATES ARE SPOILED

(By The Associated Press)

LOS ANGELES, Mar. 22.—Two of three plates used at five o'clock this afternoon in an effort to photograph the spirit of Mrs. Mary Fairchild McVicker, associate pastor of the Central Spiritualist Church, showed evidence of a spirit form, and the third was completely spoiled in developing. It was announced by her co-religionists at ten o'clock.

STOCK MARKET

(By The Associated Press)

NEW YORK, March 23.—Marked irregularity took place at the opening in the stock market. Further irregularity was seen in the British Stock Exchange and New York Stock Exchange, with American Pacific common and Republics and Refineries and Republic Steel improved fractionally on short covering operations.

WHAT ABOUT THE 1923 PANTALETTE COSTUME?

BY MARIAN BIVILLE
(Special to The Bee)

JUST as you've about subscribed to "the great reveal," it's difficult to say there's no new thing under the sun; isn't it a fact that something always comes along and jolts you out of your conviction?

Take it with styles, for instance. So-called new ones are coming in constantly. But when you investigate one of them, no matter how absolutely original it may seem at first glance, you're practically certain to find it's only a revival of some old one.

Sensational of 1922.

Just if the pantalette costume isn't new—if that, too, is a revival—it's a revival of something so exceedingly old it's been very thoroughly forgotten.

The best informed dressmakers say they never saw anything quite like it before.

It's the sensation of the 1923 season!

But I hadn't any idea of starting a sensation when I designed it," says Regina Kobler, its inventor.

"I designed it," she continues, "with a view to clothing my customers in the most practical, easy-to-wear and easy-to-look-at garment I could

Easy to Look At.

The American girl practically has discarded petticoats, and bloomers to match her costume struck me as the best substitute I could think of.

"At first the bloomer costume occurred to me as especially adapted to sports wear. Then it struck me that it would be especially suitable for the schoolgirl or the school teacher.

"It's extremely feminine and absolutely comfortable. If it's a girl can indulge in any form of athletics with freedom. She can make any high kick or bridge any crossing without embarrassment. Or she can fasten her skirt together and entirely conceal her bloomers, if she chooses."

Miss Kobler, one of the best-known designers in the country, gets none of her ideas from Paris. Instead, she's exporting her models to the French metropolis.

She's making bloomers to match nearly every costume she turns out at present. Even dancing gowns are provided with them.

"I get my suggestions," Miss Kobler says, "from the American girl herself. At Palm Beach, French Lick, Newport and Southampton, you see her at her sartorial best. She's never more attractive than in the simple sports things she's made so popular."

Actress Will Try to Prove Innocence In Tellegen Case

(By The Associated Press)

NEW YORK, Mar. 23.—Stella Larrimore, the 19-year-old actress, named as one of three co-respondents in testimony given by witnesses for Geraldine Farrar in trial of her divorce suit against Lou Tellegen, will appear personally in the case and prove her innocence of the charges against her, Louis Brodsky, her attorney, declared yesterday. Private details were not given.

The other young woman named as co-respondents was Miss Lois Ambler, an Australian actress of "striking beauty" who was alleged to have spent a "month of bliss" with Tellegen in a shack facing the sea on Long Island, and a Miss Clifford of San Francisco.

Mr. Brodsky appeared before Justice Mahon in a hearing of the case today and was granted an adjournment of a week in which to study the paper's. He declared Miss Larrimore, who is a sister of Frances Larrimore, Broadway star, deserved to testify and would answer frankly all questions put to her.

Mr. Brodsky cited that Miss Larrimore never had been given a chance in the case. Counsel for Miss Farrar knew where Miss Larrimore was but did not rule out the charges against her, he added.

He asserted he would demand a public hearing for his client when he was ready to place her on the witness stand. "I have the right," he said, "to ask that she be given a jury trial, but I think that will not be necessary. We will be able to prove conclusively her innocence of any and all charges."

Today's hearing was called primarily for the purpose of giving Arthur E. Schwartz, counsel for Tellegen, an opportunity to interpose a defense but he did not appear. It was understood Tellegen intends to leave the case undefended.

FURTHER PENALIZED

(By The Associated Press)

WERDEN, Mar. 23.—Prince Friederich Wilhelm von Lippe, German Nationalist leader, who was recently fined \$10,000 marks by a French court martial on a charge of agitating against the forces of occupation, has been sentenced in court to eight months imprisonment and a further fine of 500,000 marks. The charge upon which he is to be imprisoned was that he did not immediately produce his passport when ordered to do so by the soldiers who arrested him.

Lawyer Turns Sculptor on a Bet

By EDWARD THIERRY
(Special to The Bee)

NEW YORK, March 24.—A lawyer turned sculptor who has never taken a lesson in his life, but started making busts with a nail file and a buttonhook, has jumped from obscurity to fame in less than four years—and is paid as high as \$7,500 for one statue.

Emilio Begni del Piatto, whose latest exploit is a bust of W. C. Durant, automobile manufacturer, is the man who has suddenly turned topsy-turvy all popular conceptions of art and artists.

"Artists don't starve out," he says. "They are not all erratic geniuses, afflicted with idiosyncrasies and exploding in fits of temperament."

"Persons like that aren't artists. They're imitations. Art is common sense. That's why my busts, like busts in general, don't endure."

Begni says an artist can't be a success if he's temperamental. He points to the Durant bust as an example.

"I chased it around for three months just to get 60 minutes posing," Begni said. "He was busy at his art—for there is art in business no matter what pseudo-idealists say—and I simply adjusted mine to his. I rely on my enthusiasm, and I had to keep my enthusiasm alive under all handicaps."

The Durant bust has been pronounced perfect by critics. The same is true of his bust of Maj. Gen. John J. O'Ryan, commander of the 27th Division, for which he received \$7,500.

Begni's revolutionary ideas about art have had a successful demonstration as the result of a bet. In a discussion with a friend over sculpturing in 1919 he borrowed some modeling clay, which he had never touched before, and within 30 minutes made a head with the aid of a nail file and a buttonhook. The friend considered it such a good likeness of himself that he had it cast in bronze and exhibited it.

Immediately he was deluged with commissions. He did busts of Mrs. Walter Lewisohn, Mrs. Roger Minot, and other society women, President Menocal of Cuba; Gatti-Casazza, the opera impresario; Father Duffy, famous chaplain of the 69th Regiment, and others.

Begni wanted to be a musician, but

ERNESTO BENI DEL PIATTA (RIGHT), MAN OF MANY ARTS AND HIS BUST OF W. C. DURANT.

his family in Italy insisted there wasn't enough money in art and deflected him into law. He practiced as a lawyer in Florence and came to America as partner in a law firm in 1906. He didn't like it and decided to take up painting. "When I started to leap into literature and wrote several monumental works, including 'Italians in the United States,' and with the endorsement of the pope such books as 'The Cath-

olic Church in the United States' and 'The Vatican, Its History and Treasures.' In 1919 he suddenly switched to sculpturing and has gained fame and fortune."

"My Durant bust was a test of common sense art," he said. "He was swift and so was I—just modern business methods applied to art. Why not that? Instead of foolish talk about applying art to business? It's there

AMONG THE CHURCHES

(By The Associated Press)

Main Street Methodist Church Preaching at 11 a. m. and 7:30 p. m. by the pastor. Sunday school at 9:30 a. m. A. D. Keen, superintendent Bible class, Prof. C. G. Evans, teacher Epworth League, 6:45 p. m. Thursday, Martin, president.

Stokesland Methodist Church Rev. S. E. Jones, pastor. Sunday school at 10 o'clock. Preaching at 7 o'clock by Rev. J. N. Ragsdale.

Christian Service Society, No. 537 Main street, opposite post office. Services Sunday 11 a. m. subject, "Matter." Sunday school 9:45 a. m. Wednesday evening meeting at 8 p. m.

Calvary Methodist Church, South, Joseph T. Allen, pastor. Sunday school 9:30 a. m. Herbert M. Martin, superintendent. School is graded and modernized with all departments. Preaching at 11 a. m. and 7:30 p. m. Special service at both hours. The evening service will be held for the young people of the church and community. The Junior church, 10:45 a. m. service will be held at 8 o'clock each evening during the week. Every member is urged to attend all these services. The public cordially invited.

Third Avenue Christian Church, Rev. P. T. Klap, pastor. No morning service. Sunday school at 9:30 a. m. J. S. Sivier, superintendent. Preaching service at 7:30 p. m. conducted by Rev. O. A. Gunn. Come and bring your friends, you are always welcome here.

Second Baptist Church, N. Ridge st. H. W. Connelly, pastor. Gladed Sunday school 9:30 a. m. W. H. Austin, superintendent. Public worship at 11 a. m. on: "Christ's Kingdom Program." There will be a special musical program at night consisting of songs by male chorus, quartets, duets, solos and also Averette College Glee Club, Senior, Intermediate and Junior Union meet at 7:30. Baptizing and prayer service Tuesday night as we will attend lecture at First church Wednesday night.

Epiphany Church, Main and Jefferson streets Rev. Malcolm S. Taylor, rector. Services during Holy Week will be as follows: Sunday, 9:30 a. m. church school, 10 a. m. Bible classes 11 a. m. morning prayer and sermon, 7:30 p. m. evening prayer and sermon. Monday, Tuesday and Wednesday, 5 p. m. half hour service with address Thursday, 8 p. m. Holy communion and sermon. Good Friday, 10:30 a. m. morning prayer, Litany and Ante-Communion, 8 p. m., Cantata, "The Seven Last Words of Christ." Saturday, 3 p. m. Easter Baptism.

First Presbyterian Church, corner Main street and Sutherland Avenue; Sunday school at 9:30 a. m. G. P. Geoghegan, Jr., superintendent. Rev. Gilbert Glass, D. D. of Richmond, Va., will preach at 11 a. m. and 7:30 p. m.

Grace M. E. Church, South, Rev. Ernest T. Hall, pastor, corner Claiborne and W. Thomas streets. One of the best Sunday schools in the city meets at 9:30 a. m. Mr. Elling, superintendent. Ross, Deacon, as well as the public are cordially invited to attend these services. "Young People's Service" A special M. S. Society program has been arranged and we invite all our friends to attend.

West Street Baptist Church Sunday, 9:30 a. m. Rev. J. H. Winkler, superintendent, preaching at 11 a. m. and 7:30 p. m. Rev. J. T. Ross, Deacon, as well as the public are cordially invited to attend these services. "Young People's Service" A special M. S. Society program has been arranged and we invite all our friends to attend.

West Street Baptist Church, Rev. J. H. Winkler, pastor. Sunday school at 9:30 a. m. W. C. Hart, superintendent. Sam S. E. Lester, assistant superintendent. Preaching services at 11 a. m. and 7:30 p. m. by Rev. J. H. Winkler, pastor.

International Bible Institute meets every Sunday 10:30 a. m. Newgate Hill, Princeton, N. J. Study: "The Divine Plan of Ages." Wednesday 7:30 p. m. Prayer and Taizé service also study Hymn, God.

RESERVE BOARD MEMBER DIES

(By The Associated Press)
WASHINGTON, Mar. 23.—A cere-
bral hemorrhage proved fatal to Mu-
do Campbell, of Michigan, recently
appointed to the Federal Reserve
Board, death occurring late today be-
fore he could be removed from the
golf links of the Columbia Country
Club where he had collapsed.

Mr. Campbell, in company with former Senator Townsend, of Michigan, had just completed four holes of golf when he was stricken. He died within ten minutes. Though complaining of a cold, Mr. Campbell otherwise had been in the best of health. He attended a board meeting in the morning.

Mr. Campbell was sworn in as "dirty farmer" member of the Reserve Board only a few weeks ago. He is survived by a widow.

HOMES MENACED BY RISING WATER

(By The Associated Press)
SIOUX CITY, Ia., March 23.—Four
motor homes, heavily armed, held
up a paymaster and two guards in
the Kensington Textile Mill district of
Philadelphia today in an episode with
a value of \$8,500. The money had been put up
in pay envelopes and was being
carried from the office of the H. W.
Butterworth and Sons Company to the
mill across the streets when the
bandits stopped Howard Freeman, the
paymaster, and his guards, took the money and escaped
in the machine. Shots were fired at
the fleeing robbers but none were hit.

Mrs. William D. Overby has returned from New York where she attended the "Flower Show."

You make no mistake when you select

the Series 23 Studebaker Special-Six Touring Car. You can determine, in advance, why it is so desirable a car to own by doing four simple things.

Come in and inspect it carefully—from radiator to stop-and-tail light. Note its long graceful lines, the beauty of its finish and upholstery, its sturdy construction, roominess and unusual equipment.

Get behind the wheel yourself. See how conveniently all controls are placed. Notice what a relief it is to have a one-piece, rain-proof windshield, giving an unobstructed view of the road ahead. See how easily

it steers—how faithfully it holds the road.

Test its acceleration, power, flexibility. Drive through traffic at low speed in high gear. See how conveniently it can be parked where space is limited.

Then compare any car within \$300 of its price with the Special-Six. Compare its specifications, performance, comfort, appearance and refinements.

And finally talk to some Special-Six owners. Ask them frankly about their round satisfaction with the Special-Six.

The Special-Six possesses every essential for lasting satisfaction.

Why Fisco Fertilizers Are Superior and Incomparable

Phosphoric Acid, Nitrogen (commonly called Ammonia) and Potash are three necessary elements required for every crop. Of these three elements, AMMONIA IS THE MOST IMPORTANT AND THE MOST DIFFICULT TO SECURE IN A FULLY AVAILABLE FORM.

Ammonia is derived from Animal, Vegetable or Mineral sources, but Agricultural Colleges and farmers agree that ANIMAL AMMONIATES DERIVED FROM FISH MAKE THE BEST PLANT FOOD KNOWN.

The Fisheries Products Company are the largest producers of Fish Scrap Ammoniates in the world and manufacture a pure Fish Fertilizer in connection with other Fish Products.

Fish Scrap is actually worth more than double the market value of other Organic or Mineral Ammoniates. On this basis the various brands of our famous FISCO Fertilizers are actually worth from \$5.00 to \$15.00 per ton more than other makes of fertilizers having the same analysis. This is the reason thousands of Southern farmers are able to testify THEY USE ONE-THIRD LESS OF THE FAMOUS FISCO FERTILIZERS and at the same time INCREASE THEIR CROP YIELD FROM 50 TO 100 PER CENT.

The Potash in our Tobacco Special is derived from imported German Sulphate of Potash exclusively.

"MEASURE THE VALUE OF A FERTILIZER BY THE RESULTS SECURED."

SCIENTISTS REFUSED TO PUNCH TIME CLOCK FOR WALLACE

WASHINGTON, March 24.—Dirt farmer methods may be effective in some parts of the department of agriculture.

But science has triumphed over the time clock.

Secretary Wallace has modified his order to make all employees of the department punch the time clock. The scientists have won exemption.

Announcement of the clock method didn't get an enthusiastic shout from the internationally prominent men whose scientific work has saved millions to farmers every year and reduced the loss all over the world. They declared a regimen of getting to work at 9, taking half an hour off for lunch and working again until 1:30 impaired their work.

The scientists argued that they had become accustomed to their own methods of research and study. They cited that much of their most valuable work was done late at night and furthermore, they let it be known that the scientific mind depends upon the mood, not the number of working hours, for its effectiveness.

Wallace stuck.

Wallace declined to give in at first. He insisted all bureau chiefs should be at their desks promptly at 9, as he always is. But he is now mitigating the severity of the ruling for the scientific men.

Which means that the following experts are happily working according to their usual schedules.

Dr. Leland O. Howard, entomologist, honorary member of many foreign scientific societies, president, Association of Economic Entomologists etc. He has saved farmers millions, by discoveries of crop-destroying insects, and has contributed to health conditions by fighting house flies and mosquitoes.

Dr. Marion Dorset, who discovered serum and treatment for hog cholera.

Dr. Maurice C. Hall, who found a cure for hookworm.

J. F. Rock, plant explorer, first white man to see the Chaulmoogra tree, when he risked his life penetrating the jungles of Siam and Burma. It is the only known cure for leprosy.

Many on List.

Prof. G. F. Riddle, weather bureau chief, whose inventions have given the bureau accuracy greater than that of any other country.

A. D. Shantz, who showed fruit growers how bud selection greatly increases the fruit crop.

Department officials said it would

TWO OF THE SCIENTISTS WHO BALLED AT THE TIME CLOCK ORDER DR. MARION DORSET HOG CHOLERA SERUM DISCOVERER AND DR. J. F. ROCK, WHO BROUGHT OUT CHAULMOOGRA OIL.

be impossible to estimate the value of the services of these and many other department workers, who are receiving a whole lot more than under-scientists in commercial concern.

These men have done more than enough to make up for missing the time clock every day in the year as long as they live, one official said.

emotion and apparent bitterness. When he had concluded, Senator Goldrick rejoined with the quotation: "Whom the gods would destroy, they first make mad."

Thus far Senator Goldrick had talked with feeling that he would "not submit" to being attacked again.

Lieutenant Governor West interceded at this point. He told Senators Wickham and Goldrick that the discussion had "gone far enough" and put the vote on the motion for concurrence. The motion, carried.

It's outstanding as a accomplishment of the extraordinary session, he said.

A constructive session, and will next Thursday, at which time Speaker Breuer and Lieutenant Governor West will affix their signatures to measures adopted during the special session. The law requires that the two preceding officers sign the bills in the presence of members of the Senate and House, but a quorum is not necessary and probably only a few Senators and Delegates will witness the formalities.

Early in its session today, the House passed the substitute referendum bill, submitting a \$50,000,000 bond issue proposition to the voters in the general elections next November. Only four votes were cast against the measure which was adopted as a compromise to the Senate yesterday, with only one dissenting vote. The House voted to debate the bill to five hours for each delegate and there was little discussion of the referendum on the floor. Several minor amendments, intended to clarify certain sections of the bill, were adopted by the House, the Senate readily agreeing to them.

The Senate started its final session with the consideration of the miscellaneous bills and resolutions on its calendar. These were disposed of quickly and the Senate was ready to adjourn early in the afternoon. The House also made rapid progress and after passage of the referendum measure, cleared its calendar of 18 local bills.

The closing hour of the Senate session was influenced by a fight between Senator C. O'Connor, of Fredericksburg, and Senator Henry T. Wickham, of Hanover. Senator Goldrick moved that the Senate concur in the minor House amendments to the referendum bill and took occasion to say that the bond issue advocates were satisfied with the compromise measure. He denied Senator Wickham's charge of yesterday, that the bond forces "were whipped."

If the vote is adverse, Senator Goldrick said, "I will join with the other side in an endeavor to frame good roads legislation to pull Virginia out of the mud." If he had said anything during the heat of debate that was offensive to any Senator, he said, it was not because of a desire to wound the feelings of anyone.

Represents Senator Wickham said:

"I congratulate the Senator that with his usual fairness and courtesy he again makes an attack on the Senator from Hanover. The Senator is singing his own song for his proposal will die in November."

Senator Wickham spoke with deep

emotion, insisting "that if Virginia wanted good roads, she should pay for them now." They contended that the issuance of bonds would leave a debt as a heritage to future generations and declared that a tax on mo-

She Feeds Her Husband Beans

BY JOSEPHINE VAN DE GRIFT
(Special to The Bee)

NEW YORK, March 24.—Meet the wife that's got the greatest competition in the world. She's Mrs. Will Rogers.

Every night her husband steps out and cavorts around the most remarkable aggregation of grace, charm and pulchritude that the world's ever known—the young women of Mr. Ziegfeld's Follies.

"Does Mrs. Rogers get nervous about it?"

"Not that anybody knows of. Even so often she commutes into New York to see that Will has plenty of clean collars and things and then she commutes back to California to perform a similar service for the Rogers' offspring, Bill, Mary and Jim."

But all the time she's perfectly calm. And every night, whether the muse is in New York or California, Will Rogers steps out on the stage and pulls the venerable gas.

"Yeah, I'm one of them movie actors from Hollywood. But I'm an unusual actor. I been married 17 years and I got the same wife I started with."

Mrs. Rogers gives these tips on how to keep a husband's love under full steam.

"ONE. Feed him (Mr. Rogers' favorite dish is beans). As a boy he learned to like beans. Does Mrs. Rogers eat 'My goodness, Will, I do wish you'd eat something else?' She does not. She serves beans twice a week."

"TWO. Laugh at his jokes. (Even if they're old ones she adds.)

"THREE. Encourage his hobbies (Mr. Rogers' hobby is music. He plays the ukulele). And Mrs. Rogers never complains."

"FOUR. Let him wear his old clothes if he wants to. (She says old clothes fit Will into the movies. A movie producer was going down the street one day wondering where he could pick up a tramp that looked

for the world to place the burden of taxation where it belonged.)

Little was accomplished during those first days of the extraordinary session. Aside from the passage of numerous local bills, both Houses practically marked time. Both Senate and House finally adopted a resolution limiting the introduction of measures of legislation not of a local nature or affecting the highway situation or special matters referred to by the governor was barried, except by permission granted by concurrent resolution adopted by a two-thirds vote of both Senate and House.

The second issue advocated withheld their bill nearly two weeks. Meanwhile a House committee had drafted a substitute for the three cent gasoline tax bill. The substitute measure, ultimately accepted by both Houses, carried the provision for a two and three cent tax on motor fuel, one third of the amount derived therefrom to go to the counties for the construction of feeder roads. The measure originally provided a two cent tax until January 1, 1944 and three cents thereafter, but just before its passage an amendment was adopted making the three cent tax effective July 1.

The effect of this amendment is to make the three cent tax applicable almost from the day the measure becomes law, since it carried no emergency clause and cannot become effective until nine months after its adoption.

Mr. Willis said today that he would not come back to the House and expressed regret that he would no longer work with his former colleagues.

MRS. WILL ROGERS, WIFE OF THE COMEDIAN, AND THEIR 9-YEAR-OLD DAUGHTER, MARY.

like a tramp. He saw Will Rogers. "Ah," exclaimed Mr. Goldwin, "he's a tramp. He saw Will Rogers. His Rogers says being married to a professional humorist isn't nearly as fun as it may seem."

POLYGAMY EXPONENT IS DENIED U. S. CITIZENSHIP

Senator Cannon resigned several weeks ago to accept the office of city attorney of Richmond, but yielding to the representations of his friends he agreed to serve through the extraordinary session.

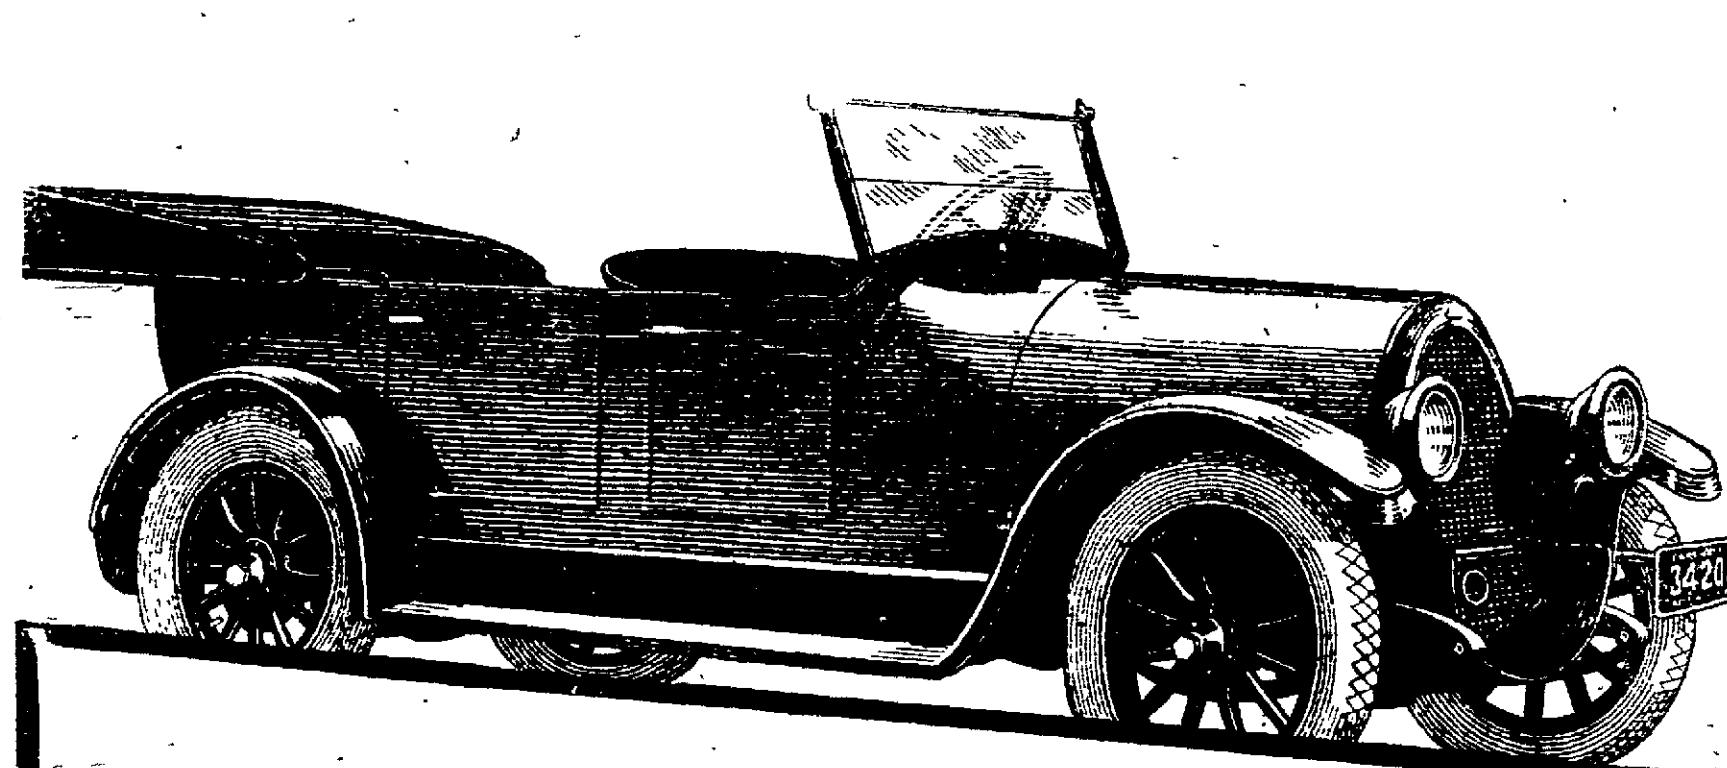

Another Senator who declared that his legislative career ended with the adjournment of the special session was Senator Walter G. Mapp of Akron.

The House of Delegates loses one of its most prominent leaders in the retirement of Delegate R. Holman Willis of Roanoke.

Mr. Willis said today that he would not come back to the House and expressed regret that he would no longer work with his former colleagues.

Shupper says oft a Pacific Island lobsters bite pieces out of anchors.

It is a sign of owing.

The New FRANKLIN \$1950

New Body

New Motor

This new Franklin has remarkable ability and good looks. The greater power and speed of the New Six-Cylinder Motor are fully expressed in the New Body. It is longer, lower, roomier—more snap. And the new pressure air-cooling system guarantees perfect motor performance under conditions that would stop any other engine made.

This is the safest car on the road, and the fastest in a day's run. No other rides like it, handles so easily, stands up so well, or is so economical. Five-passenger. Aluminum body. Finest leather and curled hair upholstery. New instrument board and fittings. New demountable rims. The greatest motor car value and the lowest price in 24 years—\$1950 f.o.b. factory.

Believe Gray Was Murdered

BY The Associated Press

FORT SNELLING, Minn., Mar. 23.—Clues that point to murder rather than suicide in the case of Lieutenant Charles D. Clay, great grandson of Henry Clay and member of a distinguished Kentucky family, who was found dead in his quarters at Fort Snelling, November 27 last, have caused the War Department to reopen an investigation in the case, officers at the post said today.

An army deserter who fled from Fort Snelling to Canada, was reported to have made the remark:

"Well, I got even with Lieutenant Clay." Lieutenant Colonel Charles Clay, U. S. A., retired, father of the young officer, was in the Twin Cities today, gathering evidence to present when the new board of officers meets Monday.

Lieutenant Clay, aged 23, was found dead in his quarters November 27, with a bullet wound in the head. His service pistol was found nearby. A board of officers investigated, returned a verdict of suicide and the findings were forwarded to Washington, approved. The War Department was asked to reconsider the evidence according to Colonel Bjornstad, commandant at the fort, and the Secretary of War directed that the investigation

RECORD OF HERO IS OFFERED AND THEN WITHDRAWN

BY The Associated Press

MARION, Mar. 23.—The record of a soldier, a veteran of the Somme, St. Mihiel, Meuse and Argonne, who came back from the war only to fall in an unmarked grave, was offered in evidence by the prosecution in the Henry Holt trial today and then withdrawn after a lengthy legal battle.

Offered in an effort to establish the absolute identity of Antonio Muley, in connection with whose slaying Dutch Willie, state executive board member of the United Mine Workers of America and five others, are now on trial, the record was contained in a sealed honorable discharge from the army on the body of one of the 25 victims of the tragedy.

The defense objected to the exhibit which showed the Muley was a former member of the 303 signal corps, 80th division on the ground that it had not been proved that it was taken off the body. Court adjourned until Monday, the State indicating that it would rest its case after calling two more witnesses.

FACE AN INQUIRY

BY The Associated Press

QUINTMAN, Miss., Mar. 23.—Clark County officials face the task of an inquiry to determine exactly the dangerous effect of men's athletic unions on public morals. The county jury, in this final report, urged that the cut-out mode in track suits, basket ball outfits and swimming trunks were too abbreviated suggesting efforts to establish more modest uniforms in local county high schools.

Realize what Kellogg's Bran means to your family's health?

There are many attractive ways to serve Kellogg's Bran. Eat it in winter with hot milk as a cereal. Or, mix it with cereals before serving. Many housewives cook it with cereals, in each case adding two tablespoonsfuls for each person. You will also enjoy the nut-like flavor of Kellogg's Bran when it has been sprinkled over hot or cold cereals.

You have missed some of the joys of life if you have not eaten raisin bread-muffins, griddle-cakes, etc., made with Kellogg's Bran. Recipes are printed on each box.

Don't delay your fight against constipation; don't lose a minute in the great battle against illness! You can buy Kellogg's Bran from all grocers and you can have it served in individual packages at first-class hotels, restaurants and clubs.

General Assembly Adjourns Session

BY The Associated Press

RICHMOND, March 23.—The extraordinary session of the Virginia General Assembly completed its work and adjourned late today. The closing hours of the session were devoted to clearing the calendars of a number of minor and local bills, and when final adjournments came the afternoons the bills had been completely cleared.

A constructive session, and will next Thursday, at which time Speaker Breuer and Lieutenant Governor West will affix their signatures to measures adopted during the special session.

The law requires that the two preceding officers sign the bills in the presence of members of the Senate and House, but a quorum is not necessary and probably only a few Senators and Delegates will witness the formalities.

Early in its session today, the House passed the substitute referendum bill, submitting a \$50,000,000 bond issue proposition to the voters in the general elections next November. Only four votes were cast against the measure which was adopted as a compromise to the Senate yesterday, with only one dissenting vote. The House voted to debate the bill to five hours for each delegate and there was little discussion of the referendum on the floor. Several minor amendments, intended to clarify certain sections of the bill, were adopted by the House, the Senate readily agreeing to them.

The Senate started its final session with the consideration of the miscellaneous bills and resolutions on its calendar. These were disposed of quickly and the Senate was ready to adjourn early in the afternoon. The House also made rapid progress and after passage of the referendum measure, cleared its calendar of 18 local bills.

Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for the Commission on Evangelism of the Federal Council of Churches

SATURDAY

The Covenant of Fellowship

"And as they did eat, Jesus took bread, and blessed and brake it, and gave it to them, and said, Take, eat; this is my body. Mark 14:22.

Read Mark 14:12-16.

The church in its sacred ceremony now reminds us that believers belong to one another."

MEDITATION: The solemn treatise of men may be "scraps of paper."

The covenant of Good Will between God and man is written on the hearts of both by the life of Jesus.

HYMN:

Just as I am, without one plea But that thy blood was shed for me, And that thou bid'st me come to thee, O Lamb of God, I come, I come.

PRAYER: Direct us, Lord, in all our doings, with thy most gracious favor, and further us with thy continual help; that in all our works begun, continued and ended in thee, may we glorify thy holy Name, and finally, by thy mercy, obtain everlasting life, through Jesus Christ our Lord. Amen.

SATURDAY, MARCH 24, 1923.

SWEET GRAFT.

A sugar famine famine this year? Not unless housewives stampeded and created a shortage by stocking up with a hundred or so pounds for each family. Remember, that's what started the sugar shortage several years ago and shot the price up around 30 cents a pound.

Cuba this year will produce about 197,000 tons more sugar than last year, according to the leading sugar trade authority, Guma-Mejer. The European beet sugar crop will total nearly 400,000 tons more than in the 1921-22 season. In America we started 1923 with "wartime size" stocks of sugar in storage—official government report. Much depends, of course, on the size of the 1923 American crop.

But Cuban sugar is the main regulator of what we pay for sugar. And the supply of Cuban sugar for this year "appears to be practically the same as was available in 1921," says the market letter which the American Sugar Refining Co. sends to its customers.

In 1921, five to eight cents a pound was considered a good wholesale price for refined sugar here in the United States.

It's hard to get at the truth about the sugar situation, for it's an industry of highly complicated statistics. Let's take a bit of unfavorable news and analyze it:

The American Sugar Refining Co. estimates that the surplus stocks of Cuban sugar around the first of the year 1923 were 1,129,000 tons less than a year before.

Half of this decrease is counteracted by the 1922-23 production in Cuban and European sugar production.

And it's reasonable to expect that most of the balance will be canceled by the fact that Americans this coming summer will make 100% home-made wine than last summer and the one before. The enormous increase in the amount of sugar used by Americans, during the last few years, has been due mainly to home-made wine. Fifty pounds of sugar doesn't look like much to a cellar master. Wine making is on the wane. . . . "too much trouble, not worth the fuss."

We dig into the newspaper files and in 1921 find Borer Watkins, counsel for the Southern Grocers' Association, quoted as saying: "Refinery prices for sugar the first four months of this year ranged from 14 to 18 cents a pound, while refiners quoted them at 27 and 30 cents a pound."

As you'll recall, sugar led all other commodities when it came to speculative and exorbitant prices. During the summer of 1921 "the law of supply and demand" was "general, repeated. The sugar, which was in the hands of speculators' hands, is to buy a lot of sugar and store it in the attic."

EDEN IN COLORADO? GRAND LAKE, Colo., Mar. 22—The antiquity of man has never been traced to pre-glacial days, but a frieze rock image containing hieroglyphics unearthed near here has started scientists to wondering if Adam and Eve got their start in this hemisphere and then journeyed across Bering Strait.

DRAKES BRANCH, March 24—(Grapevine Wireless)—The Fable of the Man With the Obsession: Old Moneybags, as his Handle implies was heavy with Spondulicks. His Coffers, and the bank Vaults he bulged with his Wealth. He had the world by the Tail. But still and all he wasn't Happy. Few of us are.

Old Moneybags was always worried by the dread that people wouldn't pay due respect to his remains after he had departed from his Vale of Tears, and he determined to make provisions for a Funeral that would Knock 'em off their Feed for a month.

With this Sap Notion sticking in his Crop, he hired a whole Army of Expert workmen to build him a Burial Vault that would make the Pyramids of ancient Egypt look like an ant hill on a Sand lot.

He spent millions of Kopecks on this project, for he was determined that Posterty should pay due respect to his Memory.

Marble from Carrara—wherever that is—was imported. The best Architects were called to draw Imposing plans for the Magnificent Vault, which the Edifice took form Old Moneybags felt almost happy. But not quite, he had a feeling sometimes as though Fate was sitting at his right hand, laughing up her sleeve. And so she was.

Finally the Mausoleum was finished. The grounds were planted with wonderful flowers, and the whole countryside came to Gawk, and Ponder.

For hours at a time the old Fossil would come and gaze with Pleasure upon the Pile that was going to be the final resting place of the remains of the Greatest Financier. And he began to half-wish that Old Father Time would start lloing up his Smythe. For the man of many Duties was getting old and feeble, in the head.

At last came the day when the Eminent Physicians ordered Old Moneybags to his Couch. His time was drawing near. He could hear the whetstone on the Sickle, and he was happy.

The newspapers printed whole pages describing the Tomb, and the Man who was to occupy it.

Then the Doctors began to throw out hourly Bulletins concerning the health of the old Chap. He could only last so many hours now, and thousands waited to hear the end.

The Doctors had just pasted a bulletin to the effect that the old Goat was just about to pass in his last Check, when along came an exponent of Anarchy and threw a bomb at the house. Up went the whole Works with one going BOOM and when they came of the Ruins not a soul or scrap of Old Moneybags could be seen or ever find. The Tombs was still Empty.

Moral: Don't try to force Destiny. It can't be done. . . . Reward.

And don't try to cop all the Jack in the game. Leave a little for us workers.

Croc.

They put the pieces in a sack.

But couldn't find the brain.

TOM SIMS SAYS

The average man expects his wife to have more sense than she showed by marrying him.

Look at a grouch and you won't blame him for being grouch.

Washington prints a booklet on keeping worms out of the garden. Why not turn in a few flying fish?

U.S. ships shoe polish to Africa. Bet they use it for cold cream.

Spring fever makes you feel like a doughnut hole without a doughnut.

Hope the Egyptian craze lasts. The Egyptians were forbidden to eat onions or garlic.

A couple of Scotch couples danced 24 hours each. Youth must have its Highland fling.

Three Detroit men were poisoned by eating hot dogs, so we suggest the hot dogs went mad.

A Toledo elephant plays the piano. Some times we think he has moved in next door to us.

Port Au Prince, in Haiti, had a big fire, but it is warm enough there to feel scantly clad.

Where you start does matter. It is much nicer to be a former poor man than a former rich man.

Opening an umbrella in the house or cussing a policeman are both considered signs of bad luck.

Chewing gum is all right in its place, which is not on the piano.

Many a man gives a lady his car seat to keep her off his corn.

Cast your bread upon the waters and it will draw the fish.

While out stepping it is a very good idea to watch your step.

Soft words turneth away black eyes.

A still found in a mine near Pomona, O., made it a gold mine.

Sing Sing has a ball team. Perhaps the idea is to knock the ball over the fence and chase it.

The Newest Skirts Have 'No Seams'

Skirts on many spring frocks are of the wrap-around variety on which seams are unnecessary and the effects are unnecessary. The drapes ripples in every breeze. The blouse drapes on the models sketched are now—both the side panel and the jacket frilling. The crush girls is found of many of the smartest frocks and is often, wampum belt of heading. Very little trimming is used on afternoon frocks.

SEATTLE, March 23—Manufacturers here declared today their belief that the shingle market now at its low point. Increased buying by the east is expected as soon as bad weather ceases.

Entered to be the studio. The door of a long outbuilding stood open. We paused to look inside. There was a furniture van there, and inside, some clothing of rusty corduroy. The uniforms of the porters at Waterloo were sketched for.

Entrance to the studio itself was gained by means of a stout oak door, obviously barred and bolted. We went round to the back, crossing a lawn where the grass and weeds were up to our knees. We failed to discover any other door, but somehow or other we found our way through a smashed window into the great room with its dome-shaped ceiling. I think, even as we entered, we realized that we were too late.

The place was empty. A small forge was burning; there were several strange-looking vessels lying about the floor; the coffers, covered only by a piece of matting which Rimmington kicked aside, were ranged against the wall. There was not a sound to be heard, but the place smelled of tobacco smoke, and indeed there was a faint cloud of blue smoke still hanging about the roof.

"We've lost them!" Rimmington muttered. "We have the gold, though," I reminded him.

"And Michael, I trust," was the fervent rejoinder.

WE searched the house, which was empty and desolate. Then we sent to the local police station and arranged for the gold to be removed. Afterward we called on the house agent. He made a little grimace when we mentioned the sanctuary.

"Thought I'd let it to a lady sculptor," he declared. "She paid for the house for a month to see whether she could work there—wanted to do her own casting or something."

"She paid you for the month, I hope?" Rimmington inquired.

"Oh, she paid that, all right," the agent replied. "I wish these old places were all pulled down. They're

AUTOMOBILE NEWS

New Style in Girls Ousts "Modern"

By ROY GIBBONS
(Special to The Bee)

CHICAGO, March 24.—We've hit the depressional peak in feminine loveliness and style, shall then, to the rebound?

Say goodbye to the vamp, the bobbed-haired flapper and the "new woman." The lot of them, with their swaggers, slinks and fags are due for the gate.

For girls, like clothes, are soon to be evolved into some startling new fashions.

On her way, shortly to be taken to the public bosom and embraced as ruling favorite, is the baby-eyed, demure "little miss" "Orphant Annie" fame, destined to rule as successfully as she did 50 years ago, over the un-raptured hearts of an adoring multitude of swains.

Such is the picture painted by Ernie Young, nationally famed musical comedy producer here.

Backed by 25 years of theatrical experience during which he has had and fired over 100,000 ladies of the chorus, Young predicts that the 1923-24 year cycle in feminine beauty and style once more has started to swing.

With ear to the ground, listening to what theatermen think and say, Young has read their verdict yet unspoken and translated it into action during the past month by firing all blondes, redheads and others at his theaters whose dresses have been popular.

Likewise, his official ax has fallen upon ladies in his employ given to quaffing from forbidden bottles. "You're through," he tells them. "I'm sorry, but the public has spoken. Go out and learn how to get along without rouge. Forget your crazy methods of living and get back some of the natural bloom and sweetneess that goes with real femininity."

Do that and I'll talk to you. But until then stay away. You jazz babies are putting a stamp upon yourselves that the public doesn't want to see any longer. Folks are tired of the hectic life. Start acting like your mothers did."

According to Young, the new-style girl will be about five feet seven inches tall. She will be decidedly bantam, push the cosmetic dealers into bankruptcy and be of the honey-kim kind, fond of her knitting, with only one love for one man.

"The change is bound to come," says Young. "Styles in girls change about every 50 years. It's like a circle. The flapper rage we're just passing out of represents the final turn. From now on we'll be getting back to the point from which girl styles

ERNE YOUNG AS A STAGE FAVORITE
SHE'S IRMA GLEN, PICKED BY
ERNE YOUNG (LEFT) AS TYPING THE 1923-45 STYLE IN
FEMININE FULCRUM

"Slow music and plenty of flowers is the order of the day. Life—not liveliness—is what is wanted now. Everything is going to become normal. And so are our women."

"There are too many 12 and 11-year-old babies running loose nowadays masquerading as matured women of 39 and above. And too many women of 30 and 40 masquerading as babies of 18."

Young holds out great hopes for the new-style girl. She'll be in our midst before we know it, he says. Her manner will be spiritual and her slightest wish will be the signal for service from all men at hand.

"I'm making changes in my various theaters and road shows to conform with what's going to take place. In another two years the flapper won't show her head outside the house. Why? Because the world's nerves are aching from excitement."

"The change is bound to come," says Young. "Styles in girls change about every 50 years. It's like a circle. The flapper rage we're just passing out of represents the final turn. From now on we'll be getting back to the point from which girl styles

Mike McTigue European Champ Coming to America

New Champion To Fight In New York

BY ED VAN EVEREY
NEW YORK, March 24.—Mike McTigue will pass up European theatrical dates and a possible match with Joe Beckett and sail shortly for the good old U. S. A. where a busy campaign has been mapped out for him by his manager, Joe Jacobs, and Tex Rickard, the Madison Square Garden fight promoter. The anxiously awaited cable response in reply to the one forwarded to Dublin day before yesterday was received last night and indicates that the conqueror of Battling Siki will soon take the boat home for New York. The cable from the new light heavyweight champion follows:

"Dublin, Ireland, March 21.—Your cable received. Leaving today for County Kerry to see Celia, whom you know has been very sick. Will cable in a couple of days just when I will arrange to sail."

Joe Jacobs, to whom the cable was addressed, explained that Mrs. McTigue, the Celia referred to in the message, has been quite ill for some time and as Mike has been away from his wife for several weeks training for the Siki match he is anxious to see her.

Some interesting details were furnished concerning the light heavyweight title bout of last Saturday. Siki and McTigue were matched for a purse of a trifle over \$10,000, of whom the winner was to get \$5 and the loser 15 per cent. So that Siki passed off the most important portion of his ring honor for the trifling sum (including expenses) of \$2,500.

It is said the match made a little money for the promoters despite the limited capacity of the Scala Theatre, where the bout was fought. The seating capacity is said to be 1,500.

An interesting clipping from a Dublin paper indicates that championship bouts come high in the Irish capital. There were a few seats at about \$4 and \$5 in the upper circle, also a few low priced seats in the "back portion of the Parterre" (whatever that is), but for the balance of the house the damage taken a sudden hop. The front seats of the Parterre were around \$17, the dress circle over \$22, and the ringside, \$11 or \$14, according to the rate of exchange figured.

Compared to the present top price of \$25 set by the State Athletic Commission in New York and the \$1 and \$10 top prices which have prevailed in recent championship contests here the more than \$40 charge for the McTigue-Siki fray seems heavy to say the least.

According to the present plan mapped out for McTigue on his arrival here Mike is to take on two soft one to work himself into condition and a little easy money followed by a bout with Georges Carpenter at Boyle's Thirty Acres in June (if Carpenter will sign). Then will come the big title match at the new Yankee Stadium with the world's light heavyweight champion risking his title against the American champion, Gene Tunney.

In answer to several correspondents as to whether the newest titleholder is an American champion, Yes. The Irish born Mike McTigue has been in this country about ten years and took out his naturalization papers several years ago and has been an American citizen for quite some time previous to his return to Ireland.

Jack McTigue and Al Herman, the new heavyweights, who have been anxious to show their wares in New York have been signed up for one of the preliminaries to the Willard-Johnson fight at Yankee Stadium. No opponent has yet been named for Luis Firpo, who is to appear on the same card. It was said for Bob Roper to back the Argentine Giant and then Jeff Smith, the middleweight, takes a position over Roper Tuesday night at Portland, Me. This is the same Jeff Smith who won and lost to McTigue. Roper made a mistake tackling Smith. Jeff is said to have engaged in thirty-three bouts during the past fourteen months and has won every one of them. Of course he is crowding the line of McTigue challengers.

CAMBRIDGE AND OXFORD READY TO DIP OARS

BY THE ASSOCIATED PRESS
PUTNEY, England, Mar. 23.—For the 75th time since 1841, the Oxford and Cambridge crews are ready to dip oars in the Thames tomorrow to settle this year's inter rowing supremacy.

Most of those who daily have watched the eights practice over the historic upstream course are inclined to the belief that Cambridge this year has the better crews; but by all it is conceded that Oxford, stroked by W. P. Nellie, an American youth from Concord, a student in Brasenose College, has its best eight since the war.

Many American residents of England are hopeful of seeing the American pull the Oxford shell to its first victory since 1913. Nellie is the lightest man in either of the shells, weighing only 155 pounds.

In the Oxenian boat is another American, R. K. Kane, a Harvard graduate, who pulls the number four oar. The entire Cambridge personnel is English.

HIGH SCHOOL AND ALL-STAR TEAMS TO PLAY

The Danville High School baseball team will engage in a game with the All-Stars of that city at the All-State park, Saturday, March 24, at 4 p. m. The place the game is to be played was changed from the Stonewall Jackson park to the Schoolfield grounds on account of the former's condition.

The High School ball toppers have been training for the contest for the past two weeks, and it is their sole ambition and belief that they will bring home the bacon, nevertheless expecting a hard struggle from start to finish.

Capt. Bernard states that his team will be composed mostly of new blood this year, but that he expects them to show much knowledge of the national pastime in the opening game of the season. They have been taught much inside baseball to date.

The All-Star team that will be the High School's worthy opponents for the Saturday contest will be composed of ball players of much ability and of some whose records will speak for themselves.

The line-up follows:

All-Stars—Hughes, M. C.; Motley, G. D.; Darlington, M.; Hughes, G. B.; Rock, C.; Bates, 2d, B.; Hughes, W.; Jones, M.; Graves, P.; Carter, P.; Young, P.; Tuck, P.

High School—Wilson, R.; Winkler, P.; Farley, P. M.; Benard, B.; Campbell, M.; Farley, K. C.; Moore, H. B.; Bass, Rodgers, Blair, Rucker, Taylor, G.; Hughes, Hayes, Bryan.

Newark To Play Reidsville Team

REIDSVILLE, N. C., March 23.—Local people tomorrow afternoon at 3 o'clock will be given an opportunity to see the fast Newark team in action.

Reidsville's high school team will pit against the Bears, borrowing for this game Pitchers Orlando, Baldwin and Kneish and Catcher Manley of the Newark team.

The game will be called promptly at 3 o'clock. Admission 55 cents.

The Winston-Salem team, Piedmont League, comes to Reidsville for games with Newark on April 3 and 4.

Twenty-three players and 39 fans constituted the attack on Red I park yesterday. The attraction was the first lumbering up process Manager Devine administered to his Newark N. J., ball team which is to train in Reidsville during the next several days. The men showed up to spend advantage but they will get better as the process proceeds.

Mickey Devine's first act on assembling the squad of hopeful athletes out to make the Newark International League ball club this year, was to have a heart to heart talk with the players.

"Nobody on this ball team has been convicted," said Devine, "but neither am I one sure of making his position on the team." There has been talk of this player or that player going to Baltimore in trades, or this one or that already being slated to go or slated to play in certain position.

"As soon as the Bears got Ed Miller to cover first base, there was a yell broadcast throughout the country telling about this being only the first step of a deal to send Miller to Baltimore. We want Ed to play first base."

"Some papers have told about H. J. Jacobson and Bishop and even Boyle being scheduled to come to Newark. I don't have to tell you fellows how silly that sounds. Jack Dunn isn't crazy, he is not wrecking his ball team to help anyone. Dunn would hang himself if he let those men go. Our only worry about Baltimore is in beating the Birds, and we're out to do it."

The fact that Ben Fleishman was not at the station in Baltimore when the train stopped to pick up Bernie Moan and the rest of the breed he had brought here from the Monumental city, doesn't worry Devine, because he knows Fleishman will report here Sunday.

The coming campaign may be the starting point of Fleishman's career as a big leaguer. He will either make or break that impression. His work has already attracted attention of the scouts, but he still has much to learn about pitching and is far from a finished mount artist, no matter what he may think of himself.

Devine ordered the boys to get rid of any idea they are here for a vacation or for the purpose of demonstrating any of their talents but strictly baseball ability during the next three weeks.

The team has a solid month to train before the season opens, but that is not too much. The Rochester Club, which breeds in Newark, has been in the South for nearly a month.

The Bears will be here until April 8 when they jump to York, Pa., for a game. The following day they open at home with the Philadelphia Athletics, then they return to Salisbury.

Five Children Held Prisoner By Dead Man

ELKTON, March 23.—John Smylik, a farmer living near Barksdale, returned home from Wilmington, Del., last night to find his five small children held by a murdered man whose body lay stretched in front of the door of their room in such a way that they could not open it.

The slain man was Joe Dorein, whom Smylik had employed as housekeeper since the death of his wife six months ago.

A fierce struggle evidently had taken place as dishes were broken and scattered about and furniture and windows were smashed.

According to the eight year old daughter of Smylik, another man had come to the house Wednesday afternoon, spending the evening with Dorein, after he had put the children to bed. Later she heard a terrible racket followed by a shot. Dorein staggered up stairs and fell in front of the door to the children's room. The children were confined in their room without food or water for 24 hours, their cries having gone unheeded because of the isolated situation of the house. The authorities have no clue to Dorein's slayer.

STATEMENT ON SUGAR CONDITIONS MISCONSTRUED

(By The Associated Press)

WASHINGTON, Mar. 23.—On February the Department of Commerce issued a statement summarizing the situation on the production and consumption of sugar. It was erroneous, as reported as indicating a shortage for the coming year. The statement was highly technical and statistical in its nature and the summary of it, in news dispatches, failed to take into account that the so-called "carry over" of stocks from the preceding year would more than offset the decrease in production which the Department's statement showed. The word "shortage" did not occur in the text of the department's statement.

Later the department issued a general correction which was published in these dispatches. The statement is made in fairness to Secretary Hoover.

MISS COLETT LEADS

PINEHURST, N. C., Mar. 23.—Miss Glenn Colett of Providence, national champion and defender of the North and South women's golf titles, led a field of 133 contestants by a margin of one stroke in the qualifying round of the annual North-South tournament today. She won the gold medal with a round of 41-47-88.

ASTHMA

Cured or You Pay Nothing

Over 85,000 cases of asthma have tried the remarkable discovery of a well known Kansas druggist. Thousands of letters testify results are permanent and that they are entirely well. Wheezing and the distressing tightness in the chest disappear. The same amazing results obtained by others can be proven in your own case at no expense. Simply send your name today for a free trial bottle. Use it ten days and if cured send me \$1.25. Otherwise you pay nothing.

Daylight Saving Plan Is Up Again

BY J. C. ROYLE

NEW YORK, March 23.—The old controversy about the adoption of daylight saving time during the spring and summer months again is in full swing. In the many instances the larger cities and industrial centers have been getting the clocks back an hour while the agricultural communities advocate the use of standard time.

New York City will adopt daylight saving time April 23, and it will go into effect in Chicago on the same time under a city ordinance passed three years ago. Some agitation is being made in the latter city however, to repeal this ordinance or curtail the period of daylight saving and some action may be taken in April.

Cincinnati will be among the first cities to put this measure into effect this year, going under the new schedule April 19. Milwaukee will follow on April 23 unless the plan is repealed at the April elections there in which it may become an issue.

Pacific Cities Will Not Change.

Portland, Seattle and San Francisco will not change the time over the other sections of the country because of their geographical location will not have daylight saving time this year.

Columbus, Ohio, will start to save daylight April 1. Washington is not likely to adopt the early schedule this season. The clocks were not changed last season but the hours of duty of the government employees were advanced. This proved unsatisfactory to most of the merchants and the employees alike.

A measure was before the Pennsylvania legislature which if it becomes a law will deprive cities of the right to adopt other than standard time. This has been vigorously opposed by business men and industrial leaders of Philadelphia, Pittsburgh, Scranton and other cities which have ordinances providing for the early schedule.

Artificial Silk Active. As a result of high prices now current for Japanese and Chinese silks the artificial silk trade is having the best season in its history. With the natural product selling above \$9, many mills are using fibre silk in conjunction with that produced by worms while others are manufacturing cloths entirely composed of cellulose. Dealers declared today that the steadiness of the price of the artificial silks was responsible rather than the high price of the natural product which is acutely sensitive to conditions both here and in the Orient.

Consumption High and Production Low.

The Japanese output for the first six months of this year, it is estimated, will not exceed 120,000 pounds, whereas consumption in the latter part of this year has been at the rate of 34,000 pounds a month.

A shortage of supplies, still men stated, was dependent on the extent to which high prices would curtail manufacture and on the extent to which artificial silk would replace the natural staple.

Ford Buys Another Coal Mine.

Papers were signed today transferring in Henry Ford 120,000 acres of coal lands by the Peabody Syndicate. The properties are located in Clay, Kenton, and four other counties in Kentucky. The purchase price is said to have been about \$3,000,000. This is the largest coal holding acquired so far by the Detroit manufacturer and is said to contain about 500,000,000 tons of reserve coal, enough to run the Ford company a hundred years. In addition the land is covered by about 500,000,000 feet of its oak timber. The Ford plants are consuming about 300,000,000 feet a year.

The action of the American Woolen

My Adventures in Hollywood

AN IMPERTINENT QUESTION CAUSES VIRGINIA BRADFORD TO SHED SOME TEARS.

asked one of the men where he was.

"Who do you mean," he queried, "your lover?" I was upset by his tone that I began to cry.

Lights and Shadows.

"Here, now," he apologized, "I was only joking. You can't be as sensitive as that and expect to succeed in the movies. You'll come across some unpleasant things, and a lot more that you'll be apt to misinterpret. Buck up now, and look always for the best."

Afterward we made up the full face under his supervision. This lasted an hour, when another group took our places. On Sundays the students were given rehearsals and had still pictures made at certain studios. I was told.

Course Costs \$15.

The place was filled with people, paying \$15 for the course. Most of them appeared ill able to afford the price, but seemed spurred by the promise that the school would make every effort to secure them work.

A nice young fellow student had taken me home several times after class. One evening I missed him and

Company in raising wages 12 1/2 per cent has been widely followed as was predicted in these columns. Six Rhode Island woolen mills have announced similar increase and mills in Maine, Mass., and Connecticut have done likewise.

Virginia's denials continued to come from beet producers and beet sugar manufacturers, in Utah, Idaho, Wyoming and Colorado against charges that they had been concerned in any way in manipulating the sugar market.

Housekeeper, 72, Bride Of Man '54

—

LIMA, Ohio, March 23.—The time-honored maxim that "love laughs or bolts and locks are laughs at differences in age" was never more truly verified than when Philander William Parker, 54, carpenter, Washington, D. C., was married to Mrs. Mary Irene German, 72, housekeeper, here this month.

The first time the couple met was on March 11 last, when Parker arrived here from Washington. The wedding was the culmination of a romance originating through a correspondence club, with headquarters in Topeka, Kansas.

You see, I was lonely," explained Mrs. Parker. "I have been a widow 12 years. I reared a family of ten children, but they all married and left me. I wrote to a correspondence club in Topeka. They referred me to Philander. We corresponded three months.

"Oh, yes, and she's a soldier!" Mrs. Parker continued. "If he weren't I wouldn't have married him." My first man, Moses R. German, was a Civil War veteran. I married Philander so I could have the company of his son, Paul, 12."

Parker said he served in the Spanish-American War. He declared that, as soon as school is out in Washington, his young son will be brought here to live. Parker said that for six years he had been a widower. He stated that he has no income. Mrs. Parker is wealthy.

NINE MILLION ON PUBLIC GROUNDS

(By The Associated Press)

NEW YORK, Mar. 23.—More than \$9,320,000 spent on public recreation last year by cities and towns reporting to the Play Ground and Recreation Association of America, it was announced today. For this purpose \$1,155,180 was voted in bond issues and more than \$6,000,000 worth of land donated by private citizens, while 718 cities showed municipal support, entire or partial, for recreation.

John H. Finlay, vice president of the Recreation Association declared the 1922 recreation budget was \$50,000 a greater than in 1921 and that sums devoted to recreation were increasing each year.

NO GREAT WAR IS EXPECTED SOON

(By The Associated Press)

LONDON, March 23.—Premier Bonar Law, replying to questions in the House of Commons, stated that the instructions basing estimates on the assumption that no great war is to be expected for a decade from 1923 are still operative, with regard to the Admiralty, the war office and the air ministry.

In the debate of the House of Lords Wednesday, the Duke of Sutherland, leader of the air ministry, said the government in 1918 laid down as an axiom that there was not likely to be any major war for a decade. He added that if the cabinet decided this axiom was no longer tenable, and the committee on imperial defense acquiesced and the country was ready to face the expenditure, a larger air force than at present maintained by Great Britain could be raised.

BURNT LIME. So far I have received no price on Burnt Lime that I can advise the farmer to pay, when they can get Marl and Ground Limestone at the above prices. If any company can quote me a satisfactory price I will be glad to hear from them.

UNUSUAL LIME PRICES.

GROUND LIMESTONE. The best grade is costing us \$2.45

delivered at Bedford and more or less at other points according to the freight. I understand the company expects to raise the price and am going to Roanoke this afternoon to try to prevent this. Will have more about it in next Wednesday's paper.

LIME—MARL. I have just gotten a price on Lime-Marl of \$2.95 delivered at Bedford. It has been costing us \$3.55, so this is an unusually good price. The Ground Limestone and Lime-Marl comes in ears of 30 to 50 tons. Where two men went to order together it can be loaded half in either end. The Marl can be put in 200-pound burlap sacks for \$1.50 per ton extra but I do not advise this as it makes the cost too high. Let me have your orders to be shipped at any time you say. Later on when the rush comes, if I have not already placed the order it will be hard to get it when you want it.

FARMS WANTED: I can advise the farmer to pay, when they can get Marl and Ground Limestone at the above prices. If any company can quote me a satisfactory price I will be glad to hear from them.

As a result of the advertising I am doing in the North and West, I have buyers for Virginia farms, large and small, improved and unimproved. If you have property, you want to sell let me have a full description of it, where it is located, how far from a railway station or city, etc. Please give me your real price; just what you want for your farm. It costs you nothing to sell, as I add my commission to your price. You get full advantage of my advertising campaign at no cost to you.

JOHN W. PONTON, The Farm Tailor, BEDFORD, VIRGINIA.

"I do not desire my visit to your country to be a hurried one," she said to the correspondent. "I want the Americans to feel I have come to see as many of them as possible, without distinction. And I want to see the United States from coast to coast. I have received hundreds of the most generous letters urging me to come. It is a journey upon which I have set my whole heart, and I hope before long that my ambition will be fulfilled."

EVACUATION OF RUHR PREMISE OF DISCUSSION

(By The Associated Press)

MUNICH, Mar. 23.—Unconditional evacuation of the Ruhr is designated by Chancellor Cuno as the fundamental premise from which any discussion aiming to end the present conflict must proceed.

In a long speech last night the chancellor reiterated the government's position, asserting it had not authorized mediation by any third party, but that on the other hand, it had received numerous "feelers" from unauthorized quarters. He asserted these proposals constituted "a violation of German honor or commonsense."

Referring to the recent Brussels conference between Premiers Poincaré and Thiers, Herr Cuno expressed the opinion that these conversations suggested no progress towards a solution of the Ruhr question. The official communiqué issued after the conference failed in the chancellor's opinion to dissipate the suspicion that France had not abandoned her aspiration to annex territory.

WILL IN THREE WORDS

(By The Associated Press)

LYNCHBURG, Va., Mar. 23.—What is said by court attaches to be the shortest will ever filed in Lynchburg, if not the shortest on record in a Virginia court, is that of Manning C. Snoot. The will consists of three words—"wife and daughters."

Bond was fixed at \$10,000.

© 1923 by N.E.A. Service, Inc.

WOMEN of today seem bent upon realizing the fullest equality with men. They are not only willing but eager to accept the responsibilities that equality imposes. It's in keeping with this tendency of the times that women prefer to pay their own way. The mannerly man never insists on paying when a woman indicates by word or gesture that she prefers herself to pay.

1: A woman meeting a male acquaintance or friend on the street, for ferry or other low-priced public conveyance properly permits him to pay both fares, if he offers.

2: A woman chancing to meet a man in the depot, when she is about to purchase reading matter, candy or some other trifle, pays for it herself.

3: A woman meeting a man on the train pays all her own expenses, including tips, except that she may be his guest in the diner for not more than one meal.

4: Business girls frequently patronize the same restaurant as business men they know, should chance bringing them together for lunch; the girls should ask quietly for "separate checks, please."

5: A man pays all expenses when

MANLY GIVES OUT ANOTHER STATEMENT NOW

(By The Associated Press)

WASHINGTON, Mar. 23.—Basil M. Manly, director of the Peoples Executive Service, who announced several days ago he had urged President Harding to bring about a federal investigation of recent increases in sugar prices, issued another statement tonight in which he declared the Department of Commerce on February 9 gave out a statement on the sugar situation "which was immediately followed by the present spectacular rise in sugar prices."

The Department statement, Mr. Manly said, carried a heading which read: "In 1921-22, the world sugar consumption was 500,000 tons greater than production and the prospects are that it will be 700,000 tons greater in 1922-23. If these prospects materialize, the heavy accredited stocks of the end of the 1920-21 season will have given away by the end of 1922-23 to a carry-over below the pre-war normal figure."

Mr. Manly declared he was "ready to submit to any American jury whether this official statement can be interpreted in any other way except as a prediction calculated to cause a sudden rise in sugar prices."

The Commerce Department statement, Mr. Manly declared, "originally was for publication of newspapers of Monday, February 12, but for some reason which is as yet undisclosed" the department decided suddenly on the preceding Friday to make the statement subject to immediate release.

"I asked Mr. Hoover," said Mr. Manly, "to inform the public why this sudden change in the release date of this statement was made and upon whose suggestion."

Mr. Manly further declared that the federal grand jury should also ascertain what speculators made the killing on the New York Sugar Exchange, February 10, immediately after the publication of the Department of Commerce's statement."

—Miss Mary Alston Moseley of Bedford, Va., is among the recent arrivals at "Sunnyside Home" and is receiving a cordial greeting from friends.

—Mrs. Lewis E. Harvie is spending the week-end in Richmond with her sister, Mrs. Lewis Wheat.

ROYALTY BIDS FAREWELL

Waiting for a train from New York, Prince Andrew and his wife, Princess Anne, assured friends that they had no intention of returning to their native Greece.

A PUZZLE A DAY

Notice carefully the position of the 11 checkers shown above. Can you draw four straight lines that will separate all the checkers, so that each one will occupy a different section?

Yesterday's answer:

C C C

S A W

The above symbols indicate that summer was late in coming for they represent the "C's" on "was" backward; "the season was backward."

RURAL SCHOOLS WELCOME MORE ADVANTAGES

GREENSBORO, N. C., Mar. 23.—One hundred and twenty rural schools in North Carolina visited by college and university speakers in the interest of higher education have voiced their cooperation with the movement, according to the report of Raymond Bluford, president of Guilford College and chairman of the committee appointed to conduct the campaign submitted to the committee by Charles Guernier, its official reporter.

M. Guernier and some of the other members of the committee held out for absolute reservations, basing their argument on the precedent created by the United States Senate in making reservations on the Pacific accord, but they were confronted with a constitution objection.

Deputy Mandel and M. Leyzus, chairman of the committee, pointed out "under the French Constitution Parliament cannot, collaborate in treaty making, as can the United States Senate but can only ratify or reject."

"These speakers were most cordially received," the report reads, "and the high school principals and superintendents express appreciation of the efforts in arranging for the visitation."

"Our impression is that the greatest benefit accrues to both high schools and colleges by this means of reaching the high school with some timely message from the college. They were pleased with the idea of a closer co-operation with the colleges."

"As a result of one address, the board of trustees met the following day and issued bonds to maintain a four-year high school. They have been employing only one high school teacher."

"I did the work myself and enjoyed it more than any series of talks I have ever delivered to high school boys and girls. Whenever one loses sight of the immediate interests of his own job and enters whole-heartedly into the spirit of service for the command, then, there comes a kind of freedom that he can get in no other way. I believe this is one of the best opportunities the men of North Carolina have to do a real educational service."

FIVE STOWAWAYS MAKE EFFORT TO SWIM; RESCUED

(By The Associated Press)

CHARLOTTESVILLE, Mar. 23.—The sextet representing Great Bridge High School of Norfolk County tonight won the girls' basketball championship of Virginia by defeating Charlottesville by the score of 24 to 22. The visitors took the lead in the first two minutes of play and were never headed. Following the game W. W. Koontz of the extension division of the University of Virginia presented a loving cup to the victors.

HOUSE OF DELEGATES PAY TRIBUTE TO YOUNG

RICHMOND, Va., Mar. 23.—The House of Delegates today paid tribute to Delegate P. D. Young of Nelson, when it adopted resolutions asking that the county of Nelson again return him to the legislature. Delegate Young is the sole Confederate Veteran in either branch of the legislature and he is the object of attention at the hands of all the members.

—City Fireman Will Hudgings, who several weeks ago underwent an operation for appendicitis, following which complications set in, has recovered and has been restored to duty at the Patton street headquarters.
